

National Science Week - 2017

Written by Planetarium

Friday, 27 October 2017 10:16 - Last Updated Saturday, 28 October 2017 05:28

Celebration of World Science Day and National Science Week - November 10 - 17, 2017.

The Sri Lanka Planetarium will be celebrating the World Science Day and National Science Week 2017 from 10th November to 17th at the planetarium premises. The week starts with a night sky observation camp held throughout the night on 10th November accompanied by Astronomy presentations and workshops. The night camp concludes with the fun and educational activity of water rocket launching. Apart from that there will be a series of Astronomy and Science lectures for the rest of the week.

Our target groups includes under graduates, navy personnel, school teachers, training college students, scouts, Astro IT-Lab members and the general public.

For more details please contact: 0112 586 499

Program Schedule:

Date	Event	Time
2017-11-10	Night sky observation camp	6.00 pm to 6.00 am

Identification of direction finding stars

6.00 pm to 6.30 pm

Astronomy apps for the PC and mobile phones

8.00 pm to 08.30 pm

Introduction to the Telescope

10.00 pm to 10.30 pm

Sun and its effect on Earth

12.00 am to 12.30 am

Environmental issues/impact of Polythene use

2.00 am to 2.30 am

Astronomy in the 21

st

4.00 am to 4.30 am

Launching of water rockets

5.00am to 6.00am

2017-11-11

Astronomy apps for the PC and mobile phones (Lecture)

10.00 am & 2.00 pm

2017-11-13

Identification of direction finding stars (Lecture)

10.00 am & 2.00 pm

National Science Week - 2017
